To My Fellow Consumers of ADR Services:

I am very pleased to be able to introduce and highly recommend attorney-mediator Mathew D. Evans to my colleagues and friends here in Southern California. I have just learned that Mr. Evans will shortly expand his ADR practice from Sacramento to Southern California, and I urge you to give him a try. I am confident you will be duly impressed.

I was fortunate to encounter Matt in the successful multi-session mediation of a difficult case venued in Butte County. He came highly recommended by several of my opponents in the case, described by each as one of the very best neutrals in Northern California, and they were absolutely right. Matt tackled a complex case involving a construction site accident resulting in catastrophic injuries, coupled with product defect issues, and complicated by a concurrent declaratory relief action impacting the lead defendant. I was tremendously impressed by Matt's ceaseless efforts by telephone with counsel and carrier representatives between mediation sessions, without which it is very unlikely the case could have been resolved.

If you are looking for someone new as a skilled and highly experienced mediator in your larger cases, and want a neutral whose work won't end with the expiration of your allotted four hours or eight hours, Mathew D. Evans should be at or very near the top of your list.

Very truly yours,

YUHL STONER CARR LLP
