To my fellow ABOTA members:

I am pleased to announce my partner of 18 years in my insurance defense practice, Mathew D. Evans, will focus his time to work as a mediator for Northern California, Southern California, as well as Nevada areas.

As you can see from his resume enclosed, his experience is diverse, covering whistle blower claims, civil rights, employment discrimination, public entity defense, environmental law, construction law as well as products liability. His expertise has been recognized with an AV rating in Martindale-Hubbell.

I feel that he has skills that are essential to resolving controversies between the parties and direct the matter to favorable conclusion.

Please keep his resume on file and think of him next time you are looking for an experienced, well versed mediator.

Sincerely,

EVANS, WIECKOWSKI & WARD, LLP
